Weekly Update

Cappy Pugliese

2024-10-02

This week

9/30 - 10/1

- finished preparing class presentation & presented
- talked to Andrius about fastQC
- worked on BEETS presentation

10/2

- talked w/ Andrius about the trimmed WNS file, fastQC, quality scores, using SRA toolkit, using the command line, using quarto for R studio, potential classes to TA next semester
- downloaded quarto and tested it out
- spent a little too long trying to switch around the font in quarto (ran into many issues)
- downloaded SRA toolkit, ran into some issues trying to get it to work
- decided to look at the unix shell resource and got familiar with the terminal

10/3 - 10/6

- went home to babysit little sister
- worked on BEETS presentation
